## From the desk of . . . Greg Brousse, Managing Director

Greetings and hope everyone is having a great spring.

As the season winds down and the summer months approach, the Club remains very busy with many fun events over the next several months.

On the golf side, our golf maintenance staff also kicks it into high gear during the growing season with aerifications planned and a plethora of course enhancing projects. The biggest project this summer will be the installation of a new irrigation system at Prestwick. The new system is state of the art and will be installed this August.

Last but not least the pool area is always a big draw in the summer especially with the new Cabana Bar on the horizon. On that note, the pool will remain open during construction which is projected to start within the next month.

I hope everyone has a great summer and we look forward to seeing you at the Club.

Sincerely,  
**Gregory P. Brousse,**  
Director of Operations

## TURF TALK

Summer time is here which means it is time for coring, slicing, spiking and vertical mowing. These cultural practices are necessary to maintain healthy turf through out the year. Some of the benefits of these cultural practices are the release of toxic gases from the soil, Improved wetting of dry or hydrophobic soil, increased infiltration capacity where thatch limits infiltration, stimulates root growth, increases shoot growth atop the holes, helps control thatch and improves turfgrass response to fertilizers.

We have root pruned all of the edges of the North / South at CDB. We will be doing the West Lake nine and Prestwick next. This will give us healthier turf in our roughs which will mean less weeds on the courses. This pruning should also help minimize damage to the cart paths in some areas.

The root pruner is also being used to help dry out some of the wet spots around the courses.

Thanks again,  
Bob Gruber

## PLANTATION BAY NINERS

Plantation Bay Niners had a great 2016-17 season, culminating with our Member-Member Tournament and business luncheon on April 17th. Mary Crawford planned a wonderful luncheon with the theme, "The Devine Secrets of the YaYa Sisterhood." We shared secrets, smiles and lots of laughs. We celebrated our league champions, Nancy Gordon and Susan Marquino, awarding them first-place trophies. Congratulations to our second and third place winners: Lois Pedersen, Karla Morgan, Pam Henderson, and Fran McNerney. Officers for our 2017-2018 season were elected: Kathleen Walter, President; Mary Crawford, Vice President; Maureen Ford, Secretary; and Karen Luginbuhl, Treasurer.

Our official season ended with our annual Margarita party, hosted by Maureen Ford.

We continue to play throughout the summer on Monday and Thursday mornings, followed by optional lunch and socializing. Ladies of all golfing abilities are encouraged to join us. League play starts September 18, 2017. Come join us for pressure-free golf with a great group of women.

*Kathleen Walter, President*

## CLUB de BONMONT WOMEN'S GOLF ASSOCIATION

Our league season ended with the very special Bring-a-Friend Tournament (a mini member-guest) organized beautifully by Patty Shaw and Julia Kirwan (thank you!). The Gator Girl Golf Gala featured four hole-in-one prizes, a great raffle, grilled burgers on the deck and most importantly...friendship! Our crack golfer, Ellen Mueller, DID have a hole-in-one, so kudos to her!

Informal summer play continues during our off season. The sign-up sheet is still located on our bulletin board. So, if you want to be sure you still have a Thursday game, you DO! (Tee times begin at 9:00 a.m. on Thursdays.)

Our 2017-2018 season will begin in early October, and it will be a SMOOTH, ORDERLY start. Our course is completed and our board is returning for a 2nd year on the job. New members? We would LOVE to have you! Membership forms are posted on the bulletin board at CDB. Joining over the summer will ensure your contact information is included in our league handbook. We have wonderful members, with a great schedule of fun events from October through April. For more information, contact Carol Banks (League President) at bankstoffsouth.net or Liz Berdoll (League Secretary) at lizberdoll@gmail.com.

To everyone: please travel safely and stay healthy this summer.

See you on the course!

*Liz Berdoll, Secretary*

## PLANTATION BAY MEN'S GOLF ASSOCIATION

The PBMGA season came to a close on Wednesday, April 26th with the second round of the Fedex Cup. Congratulations to the overall winner, Joe Orr!

The end-of-year luncheon and meeting saw the confirmation of the new board consisting of Ken Marquino, President; Wayne Luginbuhl, Vice President; Neal Nascimento, Secretary and Jim St. John, Treasurer.

The board would like to extend our thanks and appreciation to the exiting board members. We will do our best to continue the special events of the past and perhaps add a few new ones.

We will continue to play at 8:30 a.m. on Wednesdays at Club de Bonmont and Thursdays at Prestwick during the summer months.

We look forward to seeing you on the course!

## Dave's Tennis Tips

By Dave Brown  
USPTA Master Professional

### CUTTING DOWN ON MISTAKES

It's no big secret that having the ability to keep the ball in play wins matches, but it's easier said than done. However, if you can master the spin of the ball, your chances of out steadying your opponents increase dramatically. Think of "spin" as another word for "control."

The two basic types of spin are "underspin," sometimes called a slice or backspin, and "topspin." Underspin is produced by addressing the ball with a high-to-low swing, bringing the racquet face under the ball as it is hit. This action slows the ball down and gives the hitter more control. The opposite spin is called "topspin," a low-to-high swing which is produced by accelerating the racquet face upward when striking the ball. The upward action creates lift to get the ball over the net and the spinning rotation of the ball brings it back down into the court for more control, drive, and pace.

It may take a while to master these spins, but once you do, you will find yourself winning a lot more of your matches.

Best of luck!

**Dave Brown named Daytona Beach District USPTA Pro of the Year for 2016!** Dave Brown continues to serve the local tennis community, just finishing his third term as president of GVTL, co-chair of 13th Annual USPTA Greater Volusia Tennis Championships, 3rd Annual USPTA Tennis Thanks the Troops. Dave even created a new program, known as POP tennis, here at Plantation Bay. Way to go, Dave!

Spring is long gone and Summer is in full swing.

The summer months bring increased heat and humidity, therefore, proper hydration is imperative to maintain your daily workouts and routine. Water is not just the perfect thirst quencher, it also plays a part in a bucket-full of physical processes. Drink before your activities, during them and also make sure to rehydrate after you are done. Drinking fluids with electrolytes will help you stay hydrated during your workout. Keep a bottle of water with you at all times.....

Speaking of water, if you are looking for a way to stay in shape that can cool you off at the same time, we have the perfect solution for you! **WATER AEROBICS** has begun. It is a low impact class that combines strength and cardiovascular training. It is suitable for all fitness levels and an overall workout for the entire body. Here are some additional benefits related to aquatic training:

- Improves the ability to perform activities of daily living
- Enhances muscular strength, endurance and increases lean body mass
- Improves balance and core stability
- Water properties lead to less muscle soreness and damage
- Lowers Blood Pressure
- Improves knee and hip osteoarthritis

Great emphasis has always been put on cross training for cardiovascular and resistance conditioning, however, another often forgotten component of fitness is flexibility. Yoga improves range of motion and some aspects of flexibility, but cross training would lead to greater gains. Stretching techniques vary and the correct type for you is individual. The Wellness Center offers both Yoga and stretch classes. Diversification and variety of modalities used for flexibility have many benefits:

- Encourage faster recovery after exertion
- Reduce delayed-onset muscle soreness
- Build and elongate muscle
- Increase balance and spatial awareness
- Reduce risk of injury
- Improve muscle performance, strength and overall relaxation

At the end of the day, you may need some serious pampering and relaxation, so be sure to check out the spa services offered at the Wellness Center. Whether it is a relaxing massage, a beautifying facial, or your hands and feet need some special attention, we offer it all!!!

## Have You Tried It?

Pickleball is a combination of badminton, tennis and ping pong. It's easy to learn and a sport for all ages. Come out and try it. Beginner clinics are offered on Wednesdays, 2:00-3:00 pm. Paddles and balls are supplied, along with instruction on the rules and how the game is played. If you want to continue, our pro-shop has paddles and balls for sale. If you are not sure which paddle is the best for you, we have demo paddles to try out before you make a decision.

### The Non-Volley Zone (a.k.a., the infamous KITCHEN)

Let's talk about the mistakes and benefits of playing the Non-Volley Zone. Your perfect position is two to three inches back from the kitchen line. You may shuffle side-to-side, but do not move back and forth away from the line.

**Here are three common mistakes:** **1)** You never really get to the kitchen line: you are actually two to three feet away. **2)** You get to the line and then back up to take a shot, but never move forward again. **2)** You get to the line but are not aware of how close you are and end up making a foot fault.

**Three common benefits:** **1)** Being close to the net gives you the opportunity to hit the ball downward, which is a winning angle. **2)** The closer you are, the more options you have to see the entire court of your opponent, giving you more options for ball placement. **3)** When you and your partner are at the non-volley zone, you can literally create a wall, which gives your opponents very few options for winning angles...but then here comes that LOB!

Keep your eyes out for announcements about Round Robins and special events to come during the summer months.
